

Welcome to AcadeMir Charter School Elementary South!

This year's theme is fundamental to our journey here at AcadeMir Charter School South: *"Growing into Academic Excellence."* Each day, we come together not just to learn and teach, but to cultivate a spirit of continuous improvement in everything we do.

Excellence is not a destination but a journey—a journey that requires dedication, perseverance, and a commitment to learning from both our successes and our setbacks. As we embark on this new school year, it's important to reflect on what excellence means to us personally and as a community.

For our students, it means embracing challenges, pushing beyond comfort zones, and discovering new passions and strengths. For our teachers and staff, it means nurturing an environment where every student feels supported and inspired to reach their fullest potential. And for us as a school, it means continually evolving, innovating, and adapting to ensure we are providing the best possible education and opportunities.

Throughout this year, let's embrace the spirit of growth and development. Let's celebrate our achievements, both big and small, and let's learn from every experience to become stronger and more resilient individuals and as a community.

Together, let's embark on this journey of "Growing into Excellence," knowing that the pursuit of excellence is not just a goal but a way of life—a commitment to continuous growth and improvement.

Warm Regards,

Mrs. Rosali Ortega
Principal
AcadeMir Charter School Elementary South
